

Managing VC Partner

[Radiant Think](#) (3sheep Pty Ltd) is a Melbourne, Australia based consulting and eLearning firm has recently become a Managing VC partner. RadiantThink specializes in SAP VC consulting, eLearning and Training in Australia and will be offering eSpline's Managing VC in RadiantThink's SAP VC projects.

Radiant Think is Australia's only specialist consultancy in SAP Variant Configuration. Their primary focus is to expand the use, and provide support to companies using Variant Configuration and have a primary interest in partnering with customers to develop solutions for their industry. Radiant Think is currently developing a Home Building Solution initially for the Australian Market.

The Managing VC Partner Program offers the opportunity for SAP VC and IPC professionals to have new governance for the SAP LO-VC change process.
